Multimedia Web Design and Development Major

Requirements for the Honors Degree

A student enrolled in the Multimedia Web Design and Development Major (MWD²) must meet the requirements outlined below in order to earn the designation of University Honors on the diploma.

• At Least 18 Credits of Honors Work

This requirement can be satisfied by enrollment in the following courses:

- 6 credits of Honors sections of General Education (e.g., an Honors section of RPW 110, POL 100, PHIL 110) and/or Honors sections of All-University Curriculum (AUC) courses and/or “Contract Honors¹” courses.
- 6 credits of Honors seminars (specially designed 300-level courses listed in the Honors section of the Schedule of Classes). Each semester two or three seminars are offered on varied topics. Students with the permission of the MWD² Honors Committee may substitute a 300- or 400- level “Contract Honors” course for **one** of the seminars.
- 6-credit Honors thesis sequence (HON 493 Honors Research and HON 494 Honors Thesis) or a 6-credit University Scholar independent project approved by the MWD² Honors Committee.

• An Overall Grade Point Average of 3.25 and 3.0 in all Honors Work

¹ If you want to pursue a course not listed as an honors section for honors credit, you may ask the professor teaching it if you may take it for honors credit. In this instance, you must enter into a **written contract** with the professor that specifies what type of work you will complete to receive honors credit.
