

Suggested Course Sequence – B. A. Interactive Information Technology A.Y. 2006-2007

This is a sample sequence of courses and should only be used as a guide for establishing your schedule. Keep in mind that requirements do change from year to year. The Undergraduate Bulletin (the year you matriculated) is used to establish the specific requirements for the degree.

Notes:

- ① Part of the six-course general education elective requirement (some this can be co-op credit).
- ② A course from the area of specialization. Most specialization areas are comprised of five courses – see the Undergraduate Bulletin for details. An area of specialization should be chosen by sophomore year.
 - Only courses NOT in the IIT core (and not RLC110, 111) can be taken as P/NP. One per semester - total of eight overall. Courses above in **bold** print cannot be taken as P/NP.
 - This sheet does not take the place of meeting with your advisor prior to registration each semester.
 - Any waiver, substitution, alteration of degree requirements should be **done in writing** – student should keep their own copy.
